Word® 2016

Compose professional documents with the latest editing, reviewing and sharing tools. Featuring the all new Design Tab with quick access to features whilst Smart Lookup gives you related data pulled from the internet inside Word.

Excel® 2016

View your data in a fresh and insightful way where you can study and picture your information within an innovative user interface which includes your preferred keyboard shortcuts. Power features like Analysis Toolpak, Slicers, and Formula Builder to save time and effort, so you can focus on insights.

Outlook® 2016

Take control of your emails, events, contacts and to-do-lists. Outlook helps you keep on top of things through Push Email support. Efficiently designed to view group conversations whilst viewing calendars side by side effectively.

PowerPoint® 2016

From the new slide transitions to an enhanced Animations Task Pane, you can now build, collaborate, and efficiently illustrate your designs. Threaded comments together with your slides help you integrate feedback into your presentations.

OneNote® 2016

Do you want to keep all your notes in one place? OneNote can save your notes, concepts, web pages, photographs, even audio and video all in one place. You can carry it all with you anywhere you go whether you're homebased, in at your workplace or on the move.

What's the difference between Office 365 plans and Office 2016 suites?

Office 365 plans include the complete suite of Office applications, plus other services that are enabled over the Internet, including extra cloud storage with OneDrive and Skype minutes for home use. With Office 365 you get the full, installed Office experience on PCs, Macs, tablets (including Windows, iPad, and Android) and smartphones. Office 365 plans are available as a monthly or annual subscription. With Office 365, upgrades are always included with your subscription.

Office 2016 suites, including Office Home & Student and Home & Business, include applications such as Word, Excel, PowerPoint, and OneNote; they are available as a one-time purchase for use on a single PC or Mac. The applications are not automatically updated; to get the latest version, you must purchase Office again when the new version becomes available.
